- A bill that concentrates on border security and employer verification of workers' legal status, but does not include a temporary-worker program or a path to citizenship for illegal immigrants who are already here, because we have to secure the border and improve employer verification first before we can think about other solutions.
  - A bill that includes border security and employer verification of workers' legal status, but also includes a temporary-worker program, because we have to address the need for workers by U.S. employers if we are ever going to get control of the border.
  - A bill that includes border security, employer verification of workers' legal status, and a temporary-worker program, but also includes a path to citizenship for illegal immigrants who are already here, because any solution to the immigration problem must deal with the illegal immigrants who are already in America.
